

# PARKA KVARTĀLS

FINISHING PACKAGE:

**ONYX**

PARKA  
KVARTĀLS

The dark style of Onyx finishing speaks to exclusivity and the preference of natural materials. Onyx was known as a decorative material in ancient Babylon and Egypt, offering the excellence and quality of a gemstone.

This is unusual finishing, but it is a gorgeous terrazzo-style feature that was created by Italian architects half a century ago. It looks decorative and expensive. Terrazzo materials have even been used by the Hollywood Walk of Fame!

PARKA  
KVARTĀLS
