PARKA
KVARTĀLS

The Lux finishing is offered to lovers of especially exquisite materials and textures. The picturesque pattern of light marble contrasts with the dark and laconic elements of design, thus confirming the victory of symbiosis of minimalism and quality. Luxury finishing offers light tones which interact with daylight, as well as dark ones that interact with the night. This is a symbolic form of a dually neutral interior ensemble.

The dark style of Onyx finish indicates exclusivity and the preference of natural materials, as it was known as a decoration material in ancient Babylon and Egypt, offering excellence and quality of the gemstone.

In this type of finishes an unusual and at the same time gorgeous terrazzo style feature is used, which was created by Italian architects 500 years ago. It looks decorative and expensive, terrazzo material is used even on the cover of the Hollywood Walk of Fame.
